

Thursday 2nd April 2020

Mike's Mobile Wrenches is a 24/7 Truck and Trailer Emergency Roadside Repair and Maintenance Company. Our services allow our truck drivers to be on the road to deliver goods to the public. We are preferred vendors for major providers like Amazon, Publix, Kroger, Starbucks, little Caesars and others. Also, we provide roadside services to dealership like MHC and Freightliner to keep their trucks and trailers on the road safely and efficiently. We started working closely with FAA, West Jackson Fire Department and FEMA to repair their generators, trucks and equipment. Our mechanics and dispatchers' goals are to keep our truck drivers safe on the road in a time effective manner. We proud ourselves on being an emergency roadside repair company. Please check our website at www.mikeswrenches.com. Also, you can reach out the co-founder for any further questions.

Sincerely,

Michael S Grochowski
